

Case Study

Client Situation

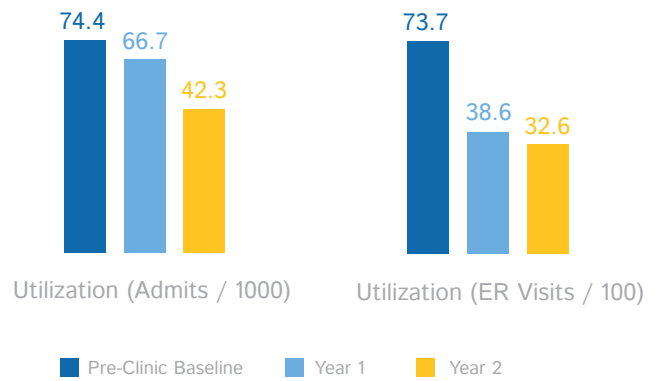

Limited access to primary care for manufacturer's satellite office in the South, resulting in inappropriate utilization of Emergency Room and Inpatient Care.

QuadMed Solution

Onsite clinic staffed with Medical Director, two full-time Physician Assistants, Nurse Manager, and Nursing Staff. Targeted condition management.

QuadMed Results

Onsite clinic opened in 2007. Emergency room usage has been reduced over 50% and annual cost trend has been held flat.

Cost Per Employee
